

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days is a shameful affront to the integrity of the American public, as well as other media who abide by rules of conduct that never cross this line.

Since Sinclair pays nothing to use the airways, they must use them only to serve the public interest, and smear broadcasting from any campaign or ideological viewpoint does nothing to advance the common good. Instead, it is a self-absorbed, almost childish move by 2 large powerful companies to make others agree with their views.

I urge you to obey the law.

Thank you.
